THE ENI CROSS-BORDER COOPERATION PROGRAMME  
POLAND-BELARUS-UKRAINE 2014-2020

DECEMBER 2019

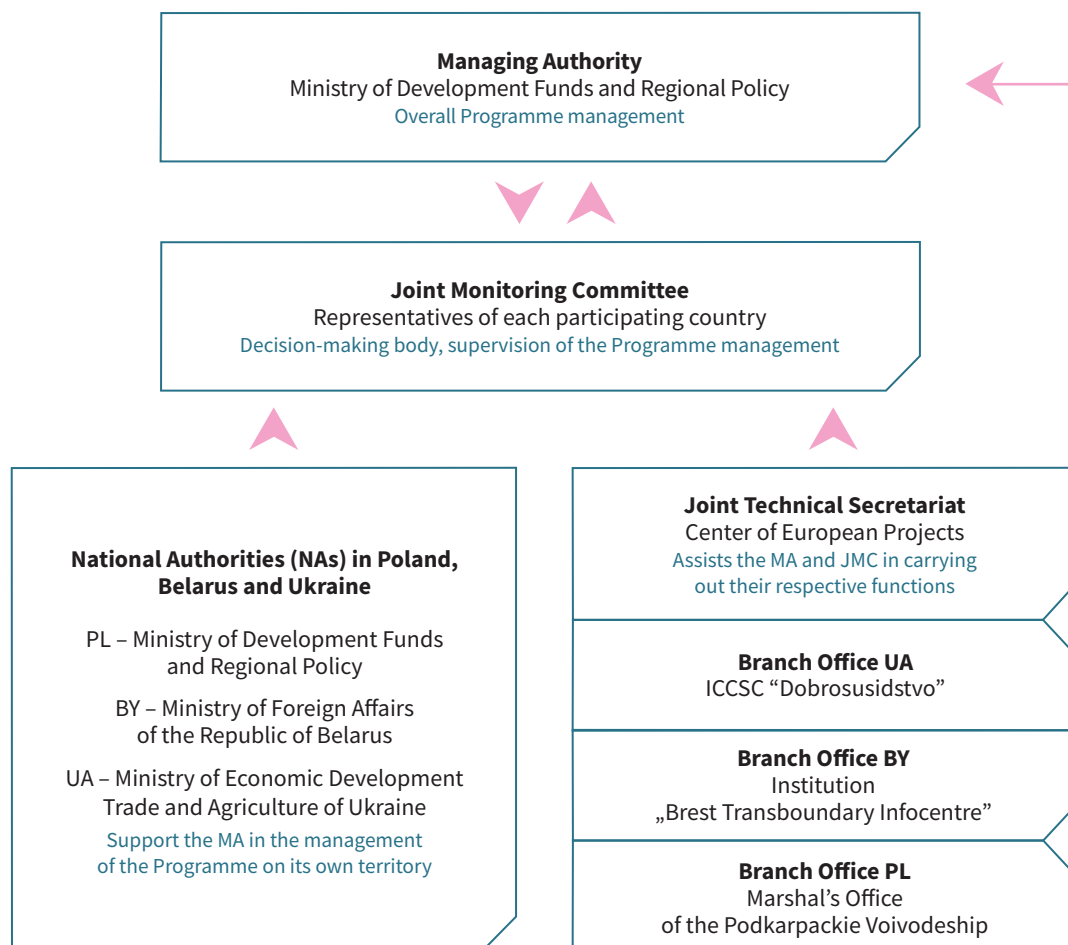

PL-BY-UA  
2014-2020

The overall aim of the Programme is to support cross-border development processes in the borderland of Poland, Belarus and Ukraine.

The Cross-border Cooperation (CBC) Programme Poland-Belarus-Ukraine 2014-2020 (Programme) operates within the framework of the European Neighbourhood Instrument (ENI). It continues and expands the cooperation in the border areas of the three involved countries, which was initiated already in 2003 and developed since then (within the framework of the Neighbourhood Programme Poland-Belarus-Ukraine INTERREG IIIA/Tacis CBC 2004-2006 and ENPI CBC Programme Poland-Belarus-Ukraine 2007-2013).

## The Programme contributes to three ENI CBC strategic objectives:

- promote economic and social development in regions on both sides of common borders;
- address common challenges in environment, public health, safety and security;
- promote better conditions and modalities for ensuring the mobility of persons, goods and capital.

It also contributes to regional needs and challenges identified by the regions from the Programme area.

## The Programme has four Thematic Objectives (TO) divided into priorities:

### **- HERITAGE -**

#### **Promotion of local culture and preservation of historical heritage**

Aims at preserving and promoting the cultural and historical heritage of the cross-border region, strengthening of cultural links and cooperation, improving the region's image and attractiveness, and increasing the vitality of local communities. Support under the two Priorities of the TO HERITAGE will focus on development of cross-border cultural, historical and natural potentials, as well as at development of cross-border tourism.

**Priority 1.1 Promotion of local culture and history**  
**Priority 1.2 Promotion and preservation of natural heritage**

### **- ACCESSIBILITY -**

#### **Improvement of accessibility to the regions, development of sustainable and climate-proof transport and communication networks and systems**

The activities carried out within the TO ACCESSIBILITY improve the connectivity and information flow between regions, concurrently contributing to the economic growth and enhancing socioeconomic cohesion of the Programme area. The focus on support under this TO is on development of local roads offering important cross-border effects and influence.

**Priority 2.1 Improvement and development of transport services and infrastructure**  
**Priority 2.2 Development of ICT infrastructure**

### **- SECURITY -**

#### **Common challenges in the field of safety and security**

The implementation of the TO SECURITY serves the improvement of the quality of life of the Programme area inhabitants through the facilitation of access to health care system, the counteraction of spread of diseases across the borders as well as the development of social services and labour market, along with the unemployment minimalization.

**Priority 3.1 Support to the development of health protection and social services**  
**Priority 3.2 Addressing common security challenges**

### **- TO BORDERS -**

#### **Promotion of border management and border security, mobility and migration management**

The implementation of the TO BORDERS enhance the effectiveness of the border infrastructure and procedures as well as improves the border security. The increased throughput capacity of the border crossings and their safety improvement condition the achievement of other Programme's objectives.

## LARGE INFRASTRUCTURE PROJECTS

The Large Infrastructure Projects (LIPs) mean projects strategic for the regions development where set of works, activities or services are intended to fulfil the objectives of common interest. Within the Programme these projects are implemented only by the institutions having the sole responsibility and competence for solving problems identified in a given area.

LIPs were selected through a direct award procedure (without Call for Proposals). Representatives of cooperating countries decided which projects were crucial for the importance of the regions and their list was included in the main Programme document (Joint Operational Programme). 10 of these projects were finally approved for financing by the European Commission on 10 July 2018. The selected projects concern the development of the transport infrastructure, common security and health challenges and support of the efficiency and security of borders in the Programme area.

## MICRO-PROJECTS

The Programme gives special support to projects with small budgets offering mainly non-investment activities promoting cooperation, building of new cross-border citizens contacts, exchange of experiences and social initiatives related to both priorities of the Thematic Objective HERITAGE (local culture, historical and natural heritage). These projects are called micro-projects.

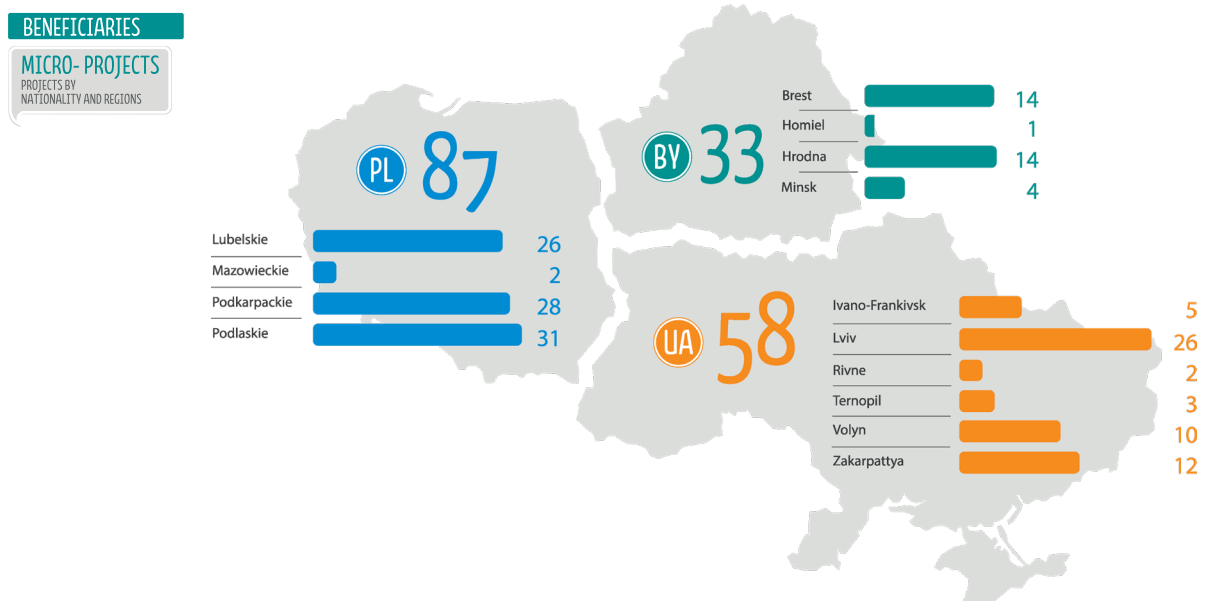

Touristic and cultural events, promotion and cultivation of common traditions of the borderland areas, cross-border cooperation between schools and higher education institutions, touristic and cultural endeavors and other similar actions may be supported through the implementation of micro-projects. Favorable conditions will be created with a view to facilitate mutual contacts between bordering communities. Actions related to cultural diversity and minorities as well as development of local communities will also be targeted through the micro-projects.

Micro-projects were submitted under the 2<sup>nd</sup> Call for Proposals - PBU2 and 3<sup>rd</sup> CfPs - PBU3 (1 August - 31 October 2018). Since not the whole allocation foreseen for the 2<sup>nd</sup> Call (5.2 MEUR) was covered by the selected micro-projects, the 3<sup>rd</sup> Call for Proposals will be launched in the 4<sup>th</sup> quarter of 2019. It will be also devoted to micro-projects and Thematic Objective HERITAGE.

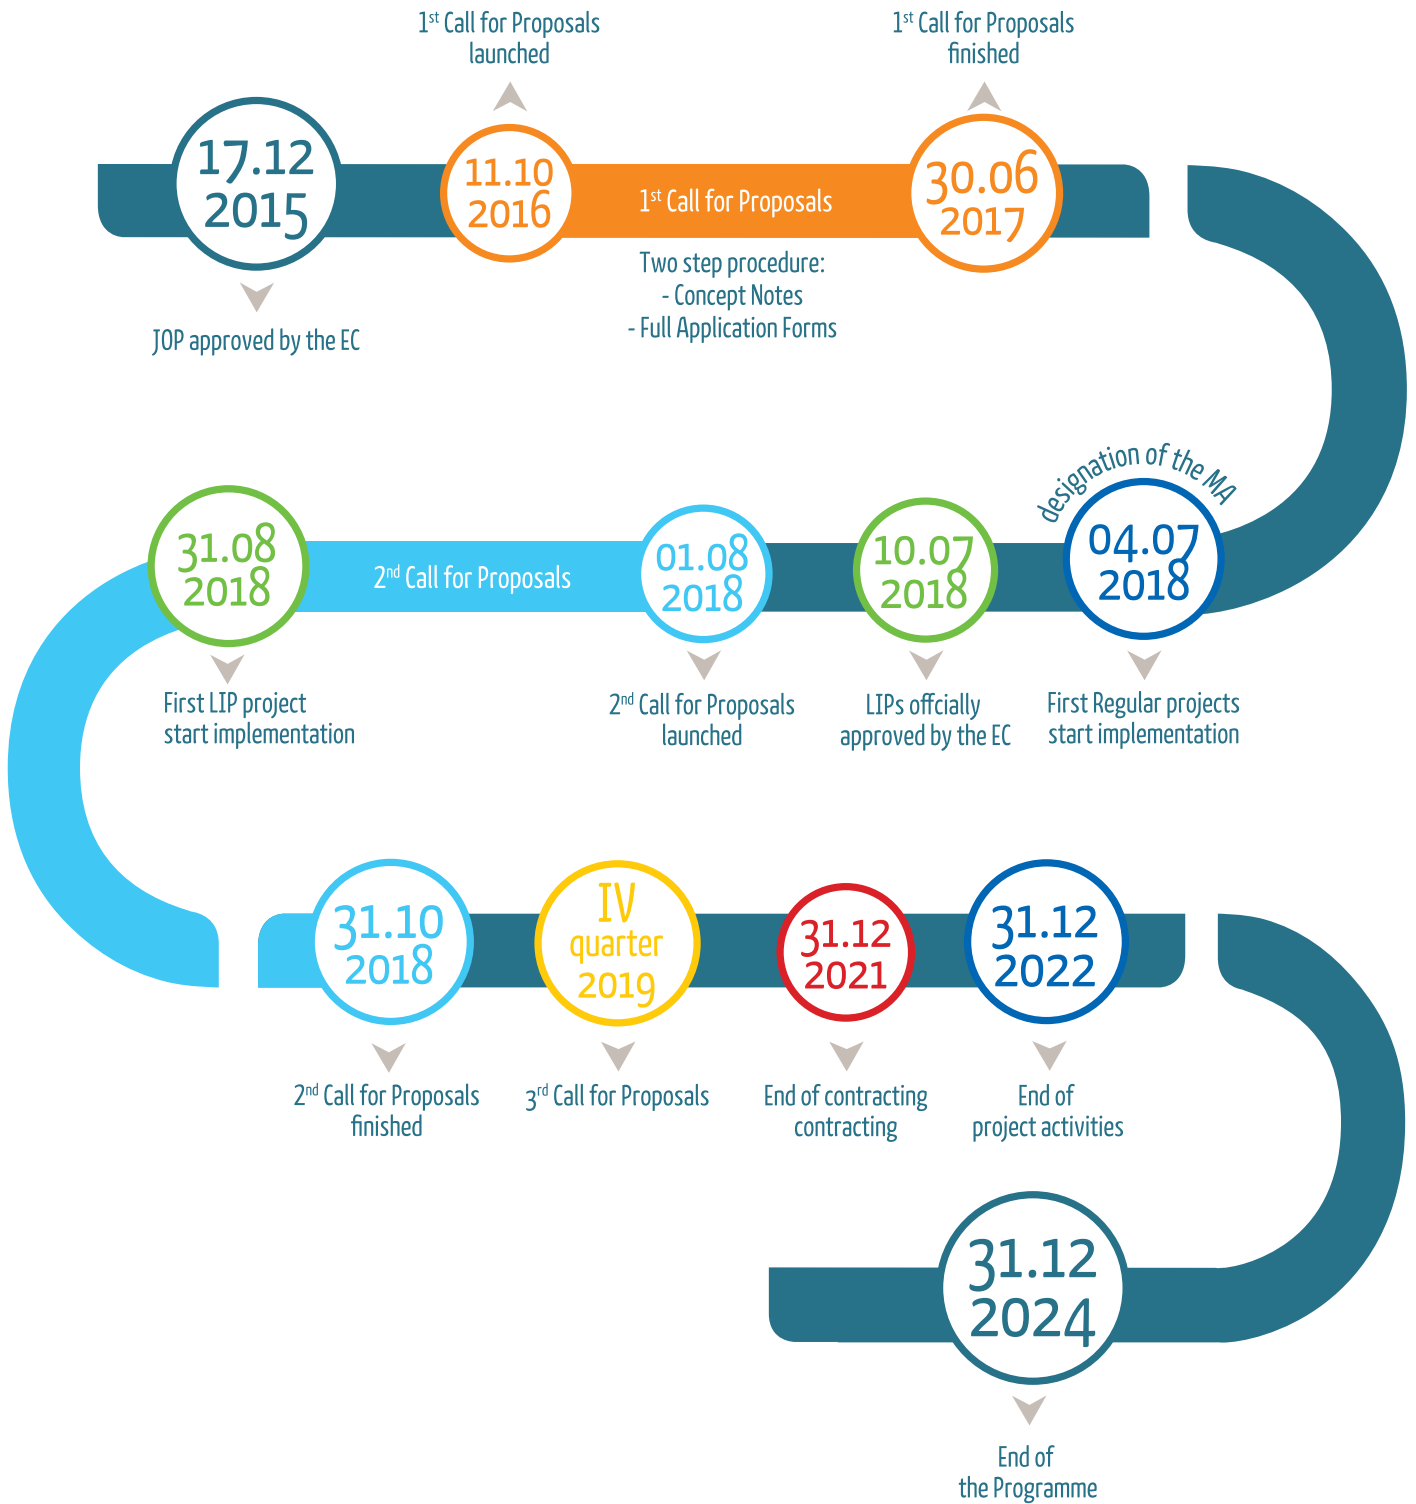

The duration of the micro-projects may not exceed 12 months.
